

Getting started with Key Word Sign workshop

What is Key Word Sign?

Key Word Sign (KWS) is a strategy that can be used to support individuals with communication difficulties to understand and get their message across to others.

What will I learn?

In this introductory Key Word Sign workshop, you will learn the principles of KWS and gesture, who it can be used with and how it can be used alongside other ways of communicating. In the practical component of the course, you will learn up to 80 new signs along with common natural gestures. You will also be able to practice signs in a safe and fun group environment. You will leave the workshop with a detailed plan of the next steps in your KWS journey, as well as a host of helpful resources to support your learning.
