Animal Snap

bear

Hold fist non-dominant hand against dominant side of upper chest and place open cupped dominant hand over nose. Move dominant hand to non-dominant side of upper chest while closing hand

crocodile

Spread and slightly crook fingers of both hands. With palms facing, hold dominant formation above non-dominant formation. Move hands towards each other and touch together, twice.

elephant

Make a fist with dominant hand and place thumb edge against nose. Move hand away from face to represent a trunk.

fish

Move open dominant hand, thumb uppermost, away from the body, using small side to side movements.

frog

Tap open dominant hand, palm down, bent at third knuckles under chin, twice.

giraffe

Place cupped dominant hand, palm facing body at chest height. Move this formation up and just past head in a slight curve.

kangaroo

Hold cupped hands, bent down at wrists, in front of body. Bounce arms forwards several times.

lion

Open both hands, fingers spread and place fingertips on head. Move hands away from head and down, wiggling fingers.

monkey

Hold cupped hands, palm up, at waist and move up and down, like a monkey (natural gesture).

rabbit

Extend dominant index, middle fingers and thumb. Place tip of thumb onto temple and bend index and middle fingers forward and back, twice.

snake

Crook dominant index and middle fingers behind thumb, with back of hand held against chin. Flick fingers forward off thumb.

spider

Crook and slightly spread dominant fingers, palm down. Place on wrist of open non-dominant hand, palm down. Run dominant fingers up non-dominant forearm.
